

Amadeus Basin (EP(A)111, EP(A)120 and EP(A)124)

1% Overriding Royalty Interest

Area: 23,724 km²

100% Central Petroleum applications through subsidiaries
Frontier Oil & Gas and Ordiv Petroleum Pty Ltd

The Amadeus Basin is located in central Australia and with over 150,000 km² occupies much of the southern quarter of the Northern Territory and extends about 150 km into Western Australia.

The permits cover a substantial portion of the emerging liquid-rich Horn Valley Siltstone (HVS) shale gas play. The Surprise-1 well sits above the eastern edge of the HVS which is also hypothesised as the source rock for the Mereenie and Palm Valley oil and gas pools further to the East.

High Peak has a 1% Overriding Royalty Interest over the relevant permits.

Amadeus Basin (EP(A)111, EP(A)120 and EP(A)124)
